Why partner with AIT?

As a global freight forwarder with more than four decades of experience, we deliver:

- The speed and affordability of an asset-light logistics model
- Scalable, flexible and customizable solutions for all lanes and modes
- Expertise in more than 170 global network locations
- Consultative, personalized customer service

AIT Worldwide Logistics

- Founded in 1979 with regional headquarters located in Chicago, AIT provides an integrated suite of global, end-to-end logistics services. The company excels at delivering supply chain solutions for customers with complex transportation needs and/or cargo that requires highly-specialized handling.
- Core services include air, ocean and ground shipping, customs clearance, and other value-added logistics services currently across 26 countries, over 170 locations and 4,000+ teammates globally
- Diverse customer base representing a wide variety of vertical markets including automotive, consumer retail, energy, food logistics, government/aerospace, industrial, life sciences, marine logistics and technology
- Entrenched relationships with various transportation providers allow AIT to guarantee freight capacity for customers

Value Proposition

- Focus on providing complex supply chain solutions, seeking out opportunities to move high-touch, temperature-controlled, white-glove, project cargo or expedited freight
- A best-in-class procurement department that can compete with larger players in certain modes and services
- An exceptional sales organization with deep customer relationships, extensive vertical market expertise, and a customer service focused approach
- Strategically configured operating footprint in regions representing about 90% of global GDP
