

Aerospace Logistics

Extensive experience forged in strong relationships

With years of high-value private sector, government, military, and defense contractor cargo management under our belts, AIT's credentialed aerospace experts will develop custom, secure, and fully compliant logistics plans for your most critical moves.

Deep sector experience

- Return shipments
- Emergency, aircraft-on-ground shipments
- In-theater distribution
- High-value product moves
- Classified cargo transport
- Order replenishment

Global air freight services

- Priority and next-flight-out options
- On-board/hand carry
- Next- and second-day delivery
- Three-to-five-day deferred shipping
- Full and partial charters

Expedited ground distribution

- Exclusive-use vehicles
- 100% air ride vehicles
- Hot-shot trucking
- Full- and less-than-trailer load shipments

Added value you'll only find with AIT

- Control tower delivers visibility and 24/7 service
- Syncada™ payment management
- Concierge-level, white glove delivery options
- Hazmat certifications for all modes
- Supplier management capabilities
- Available packaging services
