

INTRODUCING

AIT WORLDWIDE LOGISTICS

What can AIT do for you?

As a \$2 billion-plus global freight forwarder with more than four decades of experience, we deliver:

- The **speed** and **affordability** of a non-asset-based provider
- **Scalable, flexible** and **customizable** solutions for all lanes and modes
- Capacity procurement power and market expertise in **110+ global locations**
- Consultative, personalized **customer service**

AIT Worldwide Logistics

- Founded in 1979 with headquarter locations in Chicago, Hong Kong and London, AIT provides an integrated suite of global, end-to-end supply chain services. AIT excels at providing logistics solutions for customers with complex supply chain needs and highly-specialized, hard-to-transport freight.
- Core services include air, ocean and rail freight forwarding, expedited ground, truck brokerage, residential delivery service (“RDS”), customs brokerage, and other value-added logistics services
- Diverse base of 10,000+ customers across a range of attractive and growing end markets including automotive, consumer retail, food logistics, government/aerospace, healthcare, industrial, life sciences and technology
- Entrenched relationships with various transportation providers allow AIT to guarantee freight capacity to customers
- Company’s non-asset-based business model and highly variable cost structure yield free cash flow

Value Proposition

- AIT focuses on providing complex supply chain solutions, seeking out opportunities to earn higher margins moving high-touch, temperature controlled, white-glove, or expedited freight
- AIT has built a best-in-class procurement department that can compete with larger players in certain modes and services
- AIT has developed an exceptional sales organization with deep customer relationships, extensive vertical market expertise and a customer service focused approach
- AIT’s operating footprint has been strategically configured in regions representing ~90% of global GDP
